RE: Status Update Week ending January 9, 2011

Dear Mr. Beeman:

As requested, the following is a status update for the week ending January 9, 2011 for the activities relative to the work performed by McKim & Creed, P.A., MACTEC Engineering & Consulting, Inc. (MACTEC), Morrison Engineers, PLLC (Morrison), and Crowder Construction Company (Crowder). This update is not intended to be all inclusive, but a brief summary of the major activities and milestones.

1. Continued Phase II Stabilization Activities. Highlighted work includes:
 - Removed accumulated debris from between Prongs 1 & 2, as well as the west side of Prong 1, to facilitate access to the under slab openings.
 - Held a Pre-Activities conference to discuss and coordinate the upcoming investigation / observation phase scope of work, and associated safety plan.
 - In coordination with the Town of Hope Mills and the Hope Mills Fire Department Special Operations Team, initiated the visual inspection / observation activities around and under the eroded areas of Prongs 1 & 2, as well as the overlying spillway slab.
2. Held a Team call to review the status of the work performed to date, as well as the proposed schedule for the remaining work.
