RE: Status Update Week ending January 23, 2011

Dear Mr. Beeman:

As requested, the following is a status update for the week ending January 23, 2011 for the activities relative to the work performed by McKim & Creed, P.A., MACTEC Engineering & Consulting, Inc. (MACTEC), Morrison Engineers, PLLC (Morrison), and Crowder Construction Company (Crowder). This update is not intended to be all inclusive, but a brief summary of the major activities and milestones.

1. Continued Phase II Stabilization Activities. Highlighted work includes:
 - Completed planned field work with exception of adding last riprap onto slopes of fill in Prong 1-2 entry area. That work will be completed week of January 24, 2011.
 - Conducted visual overall observation of site and established punch list of clean up items to be performed during week of January 24, 2011.

2. Held a Team call to review the status of the work performed to date, as well as the proposed schedule for the remaining work.
